CUSHIONED HARDCOURT SYSTEM

DecoTurf cushioned tennis court surfaces are regularly chosen for use at the world's most prestigious events. Our tennis surfaces have been selected for use at many of the most notable venues around the world. Whether you are a tournament director or a college coach, an architect or a homeowner, demand DecoTurf surface systems. If you want to play like a pro, make sure you're playing on a Deco surface.

Approximately 8-9% Force Reduction

- Provides force reduction properties measuring at 8-9%, resulting in an exceptional combination of shock absorbency, playability, and ball bounce consistency.
- The force reduction characteristics reduce stress on the athletes' body, help prevent injuries, and aid in shorter recovery times.
- Liquid applied cushion provides the most consistent court playability & athletic performance for players of all skill levels in all court environments.
- With a total system thickness of 3.5mm, 5 layers of resilient heavy bodied acrylic coatings establish the foundation for the DecoTurf system.
- The surface of choice by the pros at the most prestigious tennis events in the world, including the Olympic Games.

DecoTurf®

Shanghai Masters

DECOTURF SURFACES ARE AVAILABLE IN THESE ITF COURT PACE RATING CATEGORIES

They can also be customized based on your personal preferences.

ITF CLASSIFIED COURT PACE 2 MEDIUM-SLOW

ITF CLASSIFIED COURT PACE 3 MEDIUM

ITF CLASSIFIED COURT PACE 4 MEDIUM-FAST

LINE PAINT
A heavy bodied acrylic latex white striping paint comes in both textured and untextured.

FINISH COURSE
DecoColor creates a vibrant, durable finish highly resistant to weather and ultraviolet degradation.

TEXTURE COURSE
DecoBase I, blended with DecoColor Ultra provides a uniform surface texture and determines the speed of play and traction of the court.

FINE RUBBER COURSE
DecoBase® II, specially graded large rubber particles creates a smooth cushioned finish in preparation for the texture and finish courses.

HEAVY RUBBER COURSE
DecoTurf® II, specially graded large rubber particles provide the system its distinct cushioned playing characteristics.

FILLER COURSE
Acrylic Resurfacer blended with approved silica sand.

WIPE-OUT® STAIN BLOCKER (OPTIONAL)
Use Wipe-Out® Stain Blocker to block the migration of rust and other stains.
