PLEXIPAVE LEGACY COLOR LINE

Since 1953, California Sport surfaces has been the original sports surface brand of choice for many high-profile events. With that comes a long history of high-performance and quality, which is why we are rolling out our Legacy Color Line - a collection of long-time color staples from the Plexipave line - now available in our new Ultra Performance formulation.

These Historic Plexipave Colors will be produced on a made to order basis. Available in 30 & 55 gallon drums. Chips on this card are printed representations and may vary in color and texture from the actual product.
