MULTI-PURPOSE

DECOCOLOR HARDCOURT

Our versatile hardcourt surfaces feature a multi layered system that can be used for indoor or outdoor use. From the scorching heat of Florida summers to grueling subzero Minnesota winters, DecoColor Hardcourts can withstand extreme temperatures without compromising the quality of the court.

- Engineered to provide an all-encompassing UV resilient, flexible, and durable coating designed to perform under extreme conditions.
- Compatible with the portfolio of solution-based products offered by California sports surfaces.
- The flexibility properties make for an extremely versatile coating that can be applied over asphalt, concrete, cushioned systems, and rubber mat cushioned systems.
- Industry leading performance for UV resistance and color retention resulting in courts looking like new and lasting longer.
- Formulated for exceptional abrasion resistance and durability to minimize surface wear.
- Advanced permeability characteristics allow moisture vapor to pass up through the surface to avoid trapping moisture that can cause various surface issues.

A High quality,
consistent acrylic
athletic surface

DecoTurf®

Scottsdale's Indian School Park, Arizona

DECOTURF SURFACES ARE AVAILABLE IN THESE ITF COURT PACE RATING CATEGORIES

They can also be customized based on your personal preferences.

LINE PAINT

A heavy bodied acrylic latex white striping paint comes in both textured and untextured.

FINISH COURSE

DecoColor Ultra creates a vibrant, durable finish highly resistant to weather and ultraviolet degradation.

TEXTURE COURSE

DecoColor Ultra mixed with silica sand or blended with DecoBase I provides a uniform surface texture and determines the speed of play and traction on the court.

ACRYLIC RESURFACER

Acrylic Resurfacer blended with approved silica sand.

WIPE-OUT® STAIN BLOCKER (OPTIONAL)

Use Wipe-Out® Stain Blocker to block the migration of rust and other stains.
