## SPORTS COATINGS™

**Quality, Durability, and Playability** are the hallmarks of Premier Sports Coatings.

**Quality** is the number one goal for Premier Sports Coatings. California Sports Surfaces sources only the highest grade raw materials and is specially formulated to provide a versatile, long-lasting playing surface with low maintenance costs.

Our state-of-the-art manufacturing facility is unparalleled in the industry with a quality control laboratory on-site, staffed by uniquely skilled chemists and technicians, with over 125 years of combined experience with recreational coating formulation and testing.

**Durability** is essential for the success of acrylic recreational products. Premier Sports Coatings provide a long wearing, fade resistant surface designed to provide years of use with vibrant color.

**Playability.** Premier Sports Coatings have been selected as the surface played on for ATP and WTA Tour Events, Davis & Federation Cup Matches and at many other top facilities and high profile events.

Premier Sports Coatings are world-class performance coatings that are great for residential courts, clubs, colleges and universities, but they are also designed to meet the rigorous requirements of municipalities and other recreational facilities.

California Sports Surfaces offers a complete line of preparation and repair products from **Court Patch Binder** to **Acrylic Crack Repair** and **Concrete Primer**.

## California SPORTS SURFACES
