

## PLEXITRAC LIGHTNING RUNNING TRACK

Our most popular system, Lightning provides a long-lasting, affordable track for collegiate, scholastic and fitness facilities. The most economical solution for track systems.

1. Asphalt or Concrete

2. Plexitrac Binder with SBR Rubber

3. Plexitrac Coating

- Comprised of select black SBR rubber granules bound together with a black pigmented Plexitrac Binder and topped with a highly pigmented finish coat for UV stability
- Meets International Association of Athletic Federation (IAAF) requirements for vertical deformation, force reduction, coefficient of friction, and elongation at break
- Composition may be eligible for LEED credits
- Five year manufacturers warranty is available through CSS authorized applicator

MULTI-SPORT SURFACE SOLUTIONS FOR:

TRACK

MULTI-PURPOSE

*Plexitrac*

The most economical solutions  
in our line, yet there is no  
compromise to quality:

Made from select black  
SBR rubber granules bound  
with a black pigmented  
Plexitrac® Binder, the track  
is top coated with a highly  
pigmented black finish coat  
using either Plexitrac® Coating  
or Surfacer. This provides the  
track with additional long-term  
UV light stability and abrasion  
resistance.
