

REBOUND ACE SPORTS & REC

Sports & Rec provides a non slip sport and recreation surface coating that will lift, protect, and boost the appearance of new or tired, worn and pitted recreational areas. Without the necessity of a primer, Sports & Rec will bond tenaciously to concrete, asphalt or timber, providing a colourful, hardwearing and durable finish.

1. Concrete or Asphalt Base
2. Sports & Rec Topcoat
(2 layers)
3. Line Paint

Diagram not to scale

- Sports & Rec has a built in primer, so can be applied directly on prepared surfaces
- UV stable and will not fade in exterior environments
- Provides excellent water and chemical resistance, and is a great option around pool surrounds
- Can be sealed with a clear sealer, to aid in cleaning
- Tested to meet and exceed slip resistance for pedestrian areas, walkways, concourses, wet areas and other recreational spaces.
- Sports & Rec unique formula of binders, mineral fillers and additives ensures coatings outlast conventional acrylics, offering long term resistance to weathering, fading, mould, and general wear and tear.

MULTI-SPORT SURFACE SOLUTIONS FOR:

Founded in 1979, Rebound Ace® sport surface systems has served the international market for decades with high profile events such as the ATP tournament, various Davis Cup venues, and the 2014 Asian Games in Incheon, South Korea.

Our sports surface systems are not only safe, but applicable to a variety of sports. Netball, basketball, volleyball, badminton, futsal, gymnastics and cricket athletes have all benefited from our award-winning, multi-layered cushion design.
