CITY OF TIGARD  
TENNIS & PICKLEBALL COURTS**THE PROJECT**

This summer, one of our projects was for the City of Tigard, on their only tennis and pickleball facility.

The goal of the project was to deliver four new dedicated pickleball courts, and stripe two other existing tennis courts, so the facility would be friendly to both tennis and pickleball.

We also took down the existing 10' high grey/galvanized fencing and recycled it, cleaned and painted the posts and top rail of the fence (black), then installed new vinyl coated (black) fencing and added 100' of new 4' divider fencing. In addition, we added four pairs of new in-ground posts and sleeves, as well as pickleball nets.

**// WE ARE TOLD THAT THE WHOLE  
(COMMUNITY LOVES THE PROJECT!)**

**A few days ago I went there and at least  
50 people were playing pickleball in the morning. //**
