THE PROJECT

The Real Club de Golf Vista Hermosa is a very prestigious venue, located in Puerto de Santa Maria, Cadiz, Spain.

The club already had 4 Plexicushion competition courts on site, which were installed a few years ago, and had since been looking to have two additional ones installed.

The team from Decopave España S.L. did a splendid job converting these two new courts, featuring Plexicushion Prestige in Pro Purple and Green colors.
