

COOLTOP

NORDIC BLUE CENTRES, ICE BLUE SURROUND

ALLABOUT SPORTS COURTS

MUDGEERABA TENNIS

MUDGEERABA, QUEENSLAND, AUSTRALIA

THE PROJECT

Existing Synpave courts were recoated using COOLTOP.

“ We recently had our courts at Mudgeeraba Tennis Club resurfaced with the California Sports Surfaces CoolTop. When we played on the surface for the first time after they were completed, I was extremely happy and surprised how much cooler the court was to play on, **OUR MEMBERS HAVE EVEN COMMENTED AT HOW MUCH COOLER THE COURTS ARE TO PLAY ON NOW.** You don't get that rise of heat coming off of the courts that you get from the normal surface. I would highly recommend anyone looking to resurface their tennis court to go with the CoolTop surface, you will definitely feel the difference and be very happy you went with it when you play on your court for the first time in the sun. ”

- KELVIN ORSI
