ULTIMO PRIMARY SCHOOL  
ULTIMO, SYDNEY, AUSTRALIA

## THE PROJECT

The multisport surface at Ultimo Primary School was in dire need of renovation.

The project began by patching bird baths and low areas of the surface.

Next, the perimeter drainage was upgraded surrounding the entire area.

An application of a concrete sealer and liquid rubber waterproof membrane was then applied.

Finally, an application of two-tone, UV stable, glare resistant, multisport surface was applied. True Blue and Medium Green were chosen for the courts colors. Yellow and white sports line markings were then applied to complete the project.
