ABOUT REBOUND ACE

Rebound Ace offers advanced multi-layered sports surface systems designed for optimal performance and player safety. Our cushioned systems help reduce leg, ligament, and lower back strain, minimizing the risk of injuries while enhancing comfort during play. For those seeking a traditional playing experience, Rebound Ace also offers hard court systems that deliver exceptional durability and consistent ball bounce. Whether for professional or recreational use, Rebound Ace provides the ideal balance of durability, resilience, and shock absorption.

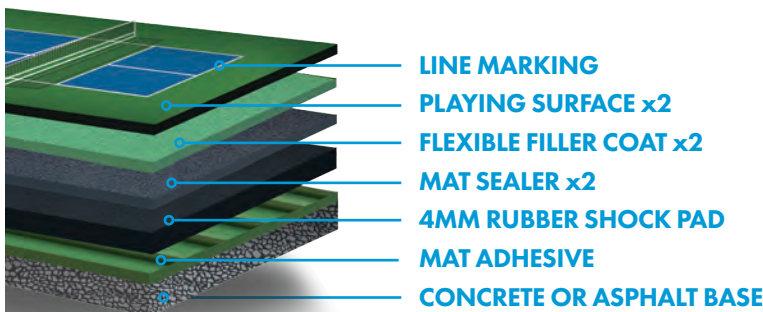

REBOUND ACE SURFACES ARE AVAILABLE IN THESE ITF COURT PACE RATING CATEGORIES

They can also be customized based on your personal preferences.

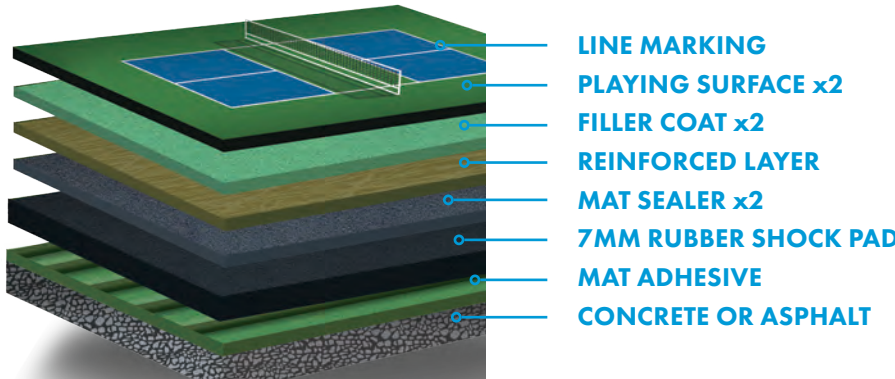

REBOUND ACE HSA MAT SYSTEM

Find the perfect balance between performance and comfort. Utilizing a 4mm rubber mat, Rebound Ace HSA allows athletes to play competitively on a cushioned surface designed for player wellness with 12-13% force reduction.

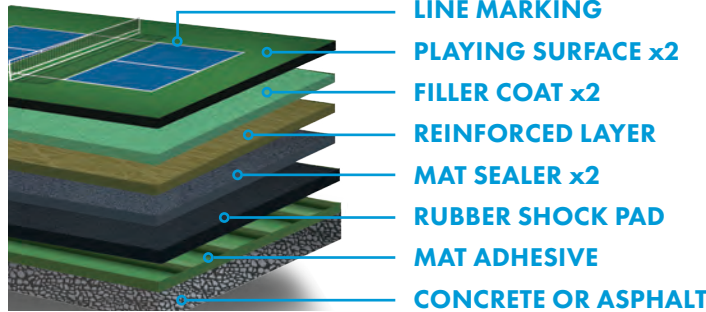

REBOUND ACE GS8 MAT SYSTEM

Best for vigorous, frequent play, this 7mm rubber shock pad offers the ultimate in cushioned comfort and shock absorbency with 22-23% force reduction.

REBOUND ACE AIR CUSHION MAT SYSTEM

Best for rooftops and surfaces with expansion joints, intuitive cushion technology alters padding where subsurface movement is predicted.

ULTRA PERFORMANCE TOPCOATS

Engineered for superior flexibility, UV resistance, color retention, hiding, permeability, and abrasion resistance - delivering optimal playability and long-term durability backed by extensive third-party testing.

COOLTOP®

Designed to reduce acrylic sports court surface temperature via solar reflectance so athletes stay cooler, play longer.
