

JOINT VENTURE BY:

RESIDENTIAL COURT
GOLD COAST, AUSTRALIA

THE PROJECT

This residential court had seen years of wear and tear, diminishing both its aesthetics and playability. To bring it back to a premium playing condition, the court was resurfaced using Rebound Ace Synpave, a durable and high-quality surface designed for consistent performance. The fresh Tour Purple and Mid Grey color scheme added a sleek, modern look while ensuring excellent visibility for the players.

THE RESULT

A revitalized, professional-grade court that not only enhances play but also adds value to the property.
