

STREET ICE®

**ENGINEERED FOR THE
IMPACT OF THE GAME**

**ENHANCED
PERFORMANCE,
NEW FORMULA!**

CALIFORNIA®
SPORTS SURFACES

BUILT FOR SPEED. MADE TO LAST.

Street Ice® delivers the smooth glide and resilient strength that rollerbladers, skaters or inline athletes demand. Engineered with durability and playability in mind, the new and improved Street Ice formula provides 50% greater abrasion resistance than previous versions. Developed to withstand the incredible impact and pressure associated with inline or street hockey use.

PERFORMANCE HIGHLIGHTS

SMOOTH TEXTURE

for excellent puck and skate control

HIGH DURABILITY

ideal for aggressive play

UV-RESISTANT

finish maintains color & integrity

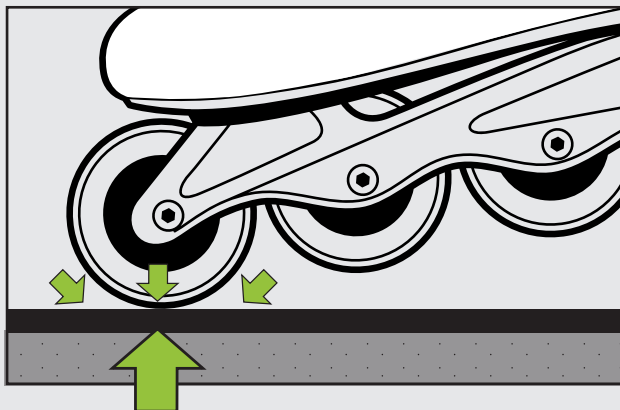

MOLD & MILDEW RESISTANCE

ASTMD5590 certified

LOWER VOC

than previous formula

ENGINEERED TO TAKE THE IMPACT

Street Ice resists abrasion, cracking, and surface breakdown—built to withstand the intense concentrated force of in-line skates.

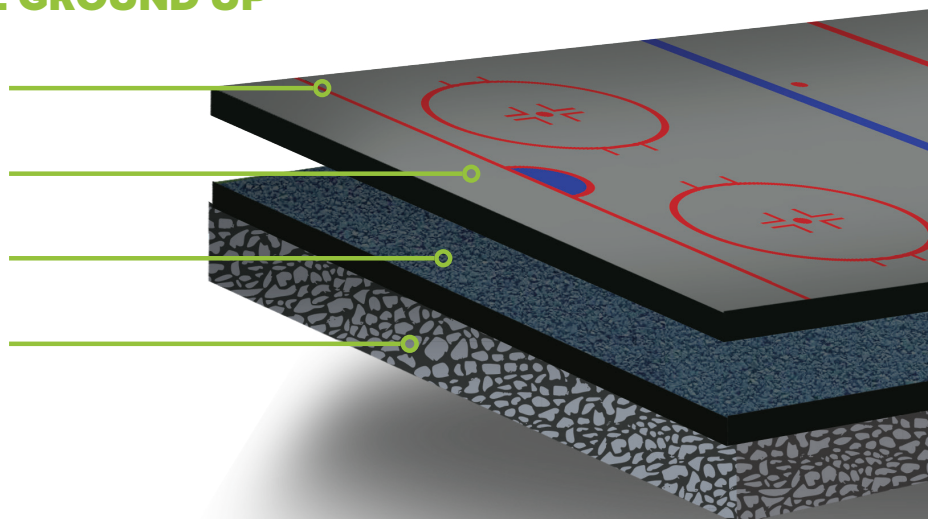

ENGINEERED FROM THE GROUND UP

GAME LINE MARKINGS

STREET ICE COLOR COATING

ACRYLIC RESURFACER

ASPHALT OR CONCRETE BASE

POPULAR APPLICATIONS

- Inline Hockey Rinks
- Shuffleboard Courts
- Bocce Courts
- Skate Parks
- Multi-Use Play Courts
- Indoor or Outdoor

COLORS MADE TO PLAY

While many in-line skating surfaces use general-purpose sport court colors, Street Ice® stands apart with a palette designed specifically for the demands of in-line hockey. Our five high-contrast, visually dynamic shades enhance puck and ball visibility, improving player awareness and overall gameplay. These aren't just bold colors, they're performance tools.

SPRINT GREEN

SHARKSKIN GRAY

FIRE RED

LIGHTNING BLUE

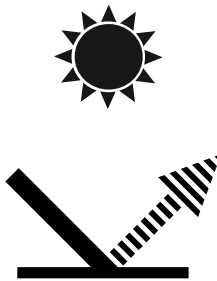

ICE BLUE

Chips on this card may vary in color and texture from the actual product. Special colors are available at a higher price based on pigments needed and production quantities.

PERFORMANCE HIGHLIGHTS

UV RESISTANCE THAT LASTS

Street Ice® is formulated with high-performance acrylic resins that provide excellent resistance to ultraviolet exposure. This helps preserve color vibrancy, surface integrity, and play performance—even under prolonged sun and weather conditions. Ideal for outdoor use, it's built to stand up to the elements.

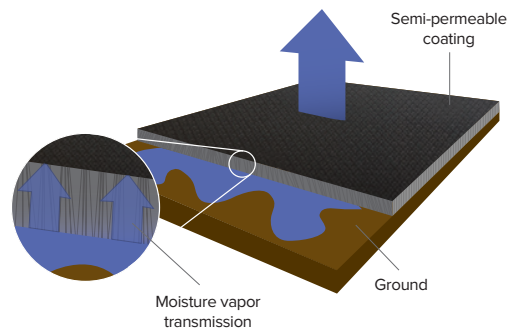

IMPACT RESISTANCE

Engineered to absorb intense physical stress.

PERMEABILITY

Improved permeability allows the coating to breathe from the ground up and avoids moisture trapping, a common cause of a number of surface problems.

OUR COMMITMENT TO QUALITY

Since 1953, California Sports Surfaces has set the industry standard, providing customers globally with a premier offering of acrylic surface systems.

From professional tournaments to neighborhood courts, CSS and its iconic brands – DecoTurf®, Plexipave®, Rebound Ace®, CoolTop®, Plexitrac®, and Premier Sports Coatings® – deliver cutting-edge surface technology that meets the demands of athletes at every level. CSS is dedicated to evolving the game of play through innovation, performance, and unmatched quality.
