

STREETSCAPE

MEDIUM TEXTURED NON-SKID COATING FOR DECORATIVE, SPORTS & RECREATION SURFACES

Streetscape Acrylotex 1000 is designed to elevate the durability and longevity of any asphalt or concrete surface. The colorful medium-texture, non-skid surface that Acrylotex 1000 provides is ideal for commercial and residential multisport applications, as well as walkways, bike paths, crosswalks and medium-use traffic areas.

- Colors are pre-tinted for a quick and hassle free application
- Durable coating specifically formulated to extend the life of the subsurface by reducing oxidation
- Resistant to fading from UV exposure
- Requires minimal maintenance
- Exceeds ADA standards for anti-slip surfaces

IDEAL FOR USE ON SURFACES SUCH AS:

RECREATIONAL
SPORTS SURFACES

BASKETBALL
COURTS

WALKING
PATHS

BIKE LANES
