Surface Co.

A PALETTE THAT REFLECTS HEAT AND INSPIRES CREATIVITY.

CoolTop® is engineered with advanced IR-reflective pigments that significantly reduce surface temperatures through enhanced solar reflectance—helping keep courts cooler and players more comfortable, even under intense sunlight. Tested in real-world environments, CoolTop delivers proven performance without compromising durability or playability. With a dynamic new color palette at your fingertips, you can design a court that not only stays cool but also stands out—making your project a true hit in both form and function.

COOLTOP® TENNIS SURFACES ARE AVAILABLE IN THESE ITF COURT PACE RATING CATEGORIES

They can also be customized based on your personal preferences.
